in the past few decades the understanding of the relationship between nations has undergone a radical transformation the role of the traditional nation state is diminishing along with many of the traditional vocabularies which were once used to describe what has been called ever since jeremy bentham coined the phrase in 1780 international law the older boundaries between states are growing ever more fluid new conceptions and new languages have emerged which are slowly coming to replace the image of a world of sovereign independent nation states which has dominated the study of international relations since the early nineteenth century this redefinition of the international arena demands a new understanding of classical and contemporary questions in international and legal theory it is the editors conviction that the best way to achieve this is by bridging the traditional divide between international legal theory intellectual history and legal and political history the aim of the series therefore is to provide a forum for historical studies from classical antiquity to the twenty first century that are theoretically informed and for philosophical work that is historically conscious in the hope that a new vision of the rapidly evolving international world its past and its possible future may emerge book jacket

pathways to professionalism in early childhood education and care is concerned with a growing interest from policy and research in the professionalisation of the early childhood workforce illustrated by in depth case studies of innovative and sustainable pathways to professionalisation it recognises the importance of a systemic approach to professionalisation across all levels of the early childhood the authors of this wide ranging book share insights of professionalism from various european countries and suggest that professionalism in early childhood unfolds best in a competent system this book considers a broad range of international issues including continuous professional support and quality early childhood education and care staff with different qualifications in professional development processes how personal attitudes and competence of educators are related to the wider system of competent teams leadership collaboration across services and competent governance from research to policy the case of early childhood and care pathways to professionalism in early childhood education and care is a crucial and fascinating read for professionals working in the sector and contributes to broadening views on what professionalism in

early childhood can mean within a competent system

the first book length biography of the luftwaffe s top field commander wolfram von richthofen a master of the tactical and operational air war one of the key catalysts in the resurrection of the german air force and an ardent and unwavering follower of the fuhrer

this edited volume provides a comprehensive analysis of european approaches to united nations peacekeeping by assessing past practice present obstacles and future potentials related to nine core european countries contributions to blue helmet operations by providing in depth case studies on denmark france germany ireland italy norway sweden the netherlands and the united kingdom this book offers an evaluation of european approaches as well as a wide range of facilitating and constraining factors related to the above mentioned countries future involvement in un peacekeeping the book places particular emphasis on the recent involvement of european countries in the un operation in mali minusma and explores to what extent this experience might lead to further marked increases of european supplies of troops and capabilities and thus a broader european return to un peacekeeping each chapter offers an up to date case study on key countries policies challenges and opportunities for a stronger re engagement in un peacekeeping it provides a comprehensive analysis of the main challenges and concrete ways ahead for overcoming institutional political financial and military obstacles both at european capitals and within the un system on the path towards a stronger re engagement of european troop contributing countries in the field of un peacekeeping furthermore each chapter includes a set of policy relevant recommendations for future ways ahead the chapters in this book were originally published in international peacekeeping

new approaches to teaching italian language and culture fills a major gap in existing scholarship and textbooks devoted to the teaching of italian language and culture a much needed project in italianistica this collection of essays offers case studies that provide a coherent and organized overview of contemporary italian pedagogy incorporating the expertise of scholars in the field of language methodology and language acquisition from italy and four major countries where the study of italian has a long tradition australia canada great britain and the united states the twenty four essays divided into six main parts offer a tremendous variety of up to date approaches to the teaching of italian as a foreign language and l2 ranging from

theoretical to more practical hands on strategies with essays on curricular innovations technology study abroad programs culture film and song use as effective pedagogical tools each case study introduces a systematic approach with an overview of theory activities and assessment suggestions collection of research data and syllabi the book addresses the needs of instructors and teacher trainers putting in perspective different examples that can be used for more effective teaching techniques according to the actfl guidelines and the common european framework of reference for languages

italy s foreign policy has often been dismissed as too idiosyncratic inconsistent and lacking ambition this book offers new insights into the position italy has attained in the international community in the 21st century it explores how the country has sought to take advantage of its passage from a bipolar to a multipolar system and assesses the ways in which it has engaged internationally its new responsibilities and the manner in which it conducts its policies in the pursuit of its interests whether political or commercial it argues that although italy is engaged internationally there is a gap between its actions and what it actually delivers and as long as this gap continues italy is likely to remain a partial and unreliable foreign policy actor divided into three parts this book explores the context and processes which characterise italy s external action its relations with crucial countries and regions such as the us the eu and the brics its security and defence policies this book will be of interest to students and scholars of european politics foreign policy analysis and italian studies

this volume is a timely contribution to the burgeoning dialogue on the Reggio Emilia approach and features the work of prominent scholars policy makers researchers administrators and practicing teachers who have created and directed the infant toddler care systems in four cities in Italy joined by American educators and researchers including Ron Lally Rebecca New and Jeanne Goldhaber their work builds upon and extends inclusionary and family centered philosophies it combines missions of care and education and produces innovations in space and environments this collection is filled with dozens of examples of experiences with dynamic open systems of organization that support emotional and cognitive development of infants and toddlers and respect the delicate relationship between parents and their young also included are photos some in color topics include complementary family centered systems of early care education and intervention practical experimentation and teaching strategies like the inserimento first transition of child and family into the

center and diario memory book as well as explanations of the rationale behind them best practices for quality care programs with broad implications for reflective teaching in america s early care programs bravo for a splendid book leading figures in italy s famous preschool movement plus a few well informed foreigners provide vivid descriptions not only of pedagogical practices but also of the evolving politics of decentralization that has kept italy s preschools under local community control with no sacrifice of standards compulsory reading jerome bruner new york university this book is simply wonderful every page throughout the sixteen chapters written mostly by the italians themselves practices policies reflections and research on how best to serve infants and toddlers and their families are shared lilian g katz university of illinois urbana champaign though the italian experience cannot simply be transplanted to the united states by staying in the conversation we will deepen and sharpen our understanding of what we want for our infant toddler parent teacher programs and may even discover some strategies for getting them there e z tronick harvard school of education and harvard medical school
